**PREMIER  
SAFETY**

*Experts you can trust*

**Premier Safety** is here to help you build an effective respiratory protection program designed to prevent exposure to harmful air and prevent occupational illness. We have an extensive selection of respiratory protective equipment from top manufacturers like Honeywell and MSA that can help keep your workers safe.

Partner with **Premier Safety** to ensure your business and employees are protected from unnecessary citations and hazardous air conditions.

**From proper fit to proper usage, asking the right questions can help keep workers safe.**

- ▶ How do I select the appropriate respiratory equipment?
- ▶ Are our respirators the right fit and comfort?
- ▶ Are we covered for contaminant-specific regulation for Silica & Welding?
- ▶ What is the best method of maintenance & storage?
